Financial Aid Prayer: Lord, I thank you directing my path to the college / university that will challenge me to grow academically, spiritually and emotionally. You know where I will go and how much my education will cost. I humbly thank you in advance for providing for all my needs, fees, bills, expenses, travel associated with the cost of completing my college education. You are God all by yourself and I will honor you to the best of my ability. Thank you for sending the right people to review my college and financial aid applications. In the name of Jesus, I say this prayer with love. Amen
